

WE ARE YOUR DOL

Attention Unemployment Insurance Claimant:

As you may have seen reported, New York State has applied for the Lost Wages Assistance (LWA) program to provide enhanced unemployment benefits to New Yorkers. While we await FEMA approval and work to operationalize the program, please continue to certify weekly to ensure you receive the benefits that you are entitled to.

We will provide updates on the program and next steps on our website, on social media platforms, and directly to claimants through emails and text messages. To allow your fellow New Yorkers to reach a representative for regular UI or PUA matters, please do not call the DOL to inquire about the LWA program at this time.

Thank you.
